Kid friendly drawing class!

Learn a key drawing skill of how to use shapes to construct a character!

We'll quickly break down how to observe the shapes around us and how we can use that skill to create our drawings, like Pokémon!

Step by step in the first hour, we will draw a couple of favorite Pokémon.

In the second hour, we will practice what we've learned!

Using reference sketches, we'll draw some more characters. We'll add details and color them in, and maybe even think about adding backgrounds!

Take home completed pieces of art that day and
the inspiration to keep drawing!

Paper, pencils, and color pencils will be provided. Bring your own favorite coloring and drawing supplies if you would like!
